# Disability Awareness Program

***Would you like to raise awareness about your child's disability?***

Grandview's Disability Awareness Program is available to schools, daycares and community groups in Durham Region to educate students about differences, while advocating acceptance and inclusion. Our **Disability Awareness Program Coordinator** is available to work with parents/guardians to develop a presentation with a particular child/youth in mind, or can give presentations tailored for various age groups to raise general awareness of disabilities. Parents/guardians, principals, teachers and staff can request a presentation.

To request a presentation, contact **Lisa Wilson ext 2560 or [lisa.wilson@grtc.ca](mailto:lisa.wilson@grtc.ca)**

**The Disability Awareness Program is generously sponsored by a grant from RBC Foundation.**
